Extranet for WEAT	If WEAT is to truly have an extended enterprise focus then the WEAT information needs to be available to the extended enterprise.	<ul style="list-style-type: none"> • Research options / needs in context of website content publishing project (see improvements plan) • Identify if this is currently possible. 	Tekla Włodarczyk	February
Possible need for a formalized forum within WEAT process for review and comment by agencies / stakeholders	One issue regarding WEAT's role is that there is no other formalized forum for review or comment by agencies / stakeholders. This type of review should be worked into the process in the future.	<ul style="list-style-type: none"> • Develop the desired process / workflow. • Publish process • Communicate Process availability (Push info?) 	Tekla Włodarczyk	Long-term

Future Agenda Items

Wisconsin Enterprise Architecture Team (WEAT)
February 21, 8:30 – Noon, DOA Building, 9A Conference Room

Suggested Meeting Date	Item	Contact	Description
February – 2 nd meeting	WEAT's Role in Review of Agency Strategic Plans	Doug Bingenheimer	Need to determine what WEAT's role: 1) Should WEAT be involved in reviewing and perhaps recommending action to the CIO on the agencies' strategic plans and 2) WEAT review to identify multi agency needs / enterprise opportunities and input into things that might be on WEAT's proactive agenda. NOTE: Actual strategic plan requirements from DET have not yet been finalized.
April – 1 st meeting	NT 4 & Exchange 5.5	Max Babler	Discuss issues regarding continuing need for support / maintenance – plan for this sunset technology
February	Informational Filing	Jay Jaeger	A question was raised that outside of SIS, how will WEAT find out about efforts/projects occurring that will have a strategic impact on enterprise architecture. WEAT suggested developing an "informational filing" process in which as a part planning projects that met a certain criteria, the project team would complete information on some type of form and submit to WEAT.
